

ASCEND SERIES

Built for Future Champions

At Jackson, we build equipment for the leading skaters in the sport, incorporating that experience and technology into our mid-range products.

Women's/Misses

Jackson Skates are designed with specific **Support Ratings** to ensure the boot has the appropriate level of support for the skater's **skill level** and **body characteristics**. We then match the boot with the appropriate blade design. From **Ultima Mark II** to **Aspire XP**, no other skate manufacturer comes close to our skate offering.
