Cut Pick

The **Matrix Legacy Series** utilizes the same **Aircraft Aluminum chassis** used in our Advanced Series blades. The Legacy runner is produced from 420 J stainless steel which offers improved benefits over the carbon steel used in Wilson and MK blades. **Faster** with **superior edge control** and less frequent sharpening. Experience the Matrix Legacy Series advantage! The Legacy pick pattern is ideal for intermediate level skaters.

## Lighter, Faster with the Superior Edge Control of Stainless Steel.
