

The Figure Skate Company

JACKSON 5000 SERIES

The Standard in Lightweight Support

SUPPORT RATINGS

- Support ratings ranging from 75 (strong) to 95 (ultimate)
- Fit the boot to the skater's skill level and physical characteristics.

Custom Fit
in Minutes

HEAT MOLDABLE

- Our flagship technology, heat softens and stretches the boot to conform to every curve, then cools to retain the shape of your foot
- Custom fit in minutes

PERFORMANCE FIT

- Jackson Wrap wraps the boot to the skater's foot to provide superior stability and support
- High-performance anti-bacterial perforated microfiber lining with memory foam for strength, performance, initial fit, feel, and comfort.

FULL CUSTOM

- Customize width through non-stock lasts and boot modifications
- Select the support rating, tongue, and sole
- Choose from a variety of materials, custom crystal patterns, and even laser etching!
